### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the specification, paragraph 34, line 4 the word "matche has been changed to --match--.

In claim 7, lines 2-3 the phrase "assisting the steering power of itself" has been changed to --providing a steering power assist--.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose an electric power steering device including fault determining means for determining that the motor current detecting means is effective when the detected motor current is not within a predetermined limit value; wherein the controlling means controls so that the motor current command value is set only for a time whose value is larger than the electrical time constant of the motor and smaller than the mechanical time constant of the motor to drive the motor with a voltage to be set based on the current control value output from the current deviation calculating/proportionally integrating means so as to enable the fault determining means to determine a fault of the motor current detecting means.
